Quality Memorandum: Q3 2026 Internal Audit Summary and CAPA Tracking

Document ID: QA-MEMO-2026-04	**Version:** 1.0	**Effective Date:** 2026-09-12
Owner: Meera Rao (QA Head)	**Department:** Quality Assurance	**Status:** Effective

1. Purpose

This internal compliance memorandum summarizes the scope, findings, classification breakdown, and required corrective and preventive actions resulting from the comprehensive Q3 2026 Internal cGMP Audit conducted across the Hyderabad production facility.

Internal audits constitute a foundational self-regulatory element of our Pharmaceutical Quality System (ICH Q10), designed to detect procedural deviations before statutory regulatory audits occur.

This document is strictly proprietary and confidential to the Quality Assurance Directorate.

2. Scope

Covers all audited areas: QC Testing Laboratories, Warehouse Material Receipt, Granulation Line 2, and Secondary Packaging.

Restricted strictly to the Quality access group. Unauthorized distribution, photocopying, or disclosure is strictly prohibited under corporate data security protocols.

All identified department leads must execute remediation within designated target completion dates.

3. Responsibilities

• **Lead Internal Auditor:** Conduct independent objective evaluations, compile audit observations, and review proposed remedial evidence.

• **Audited Department Leads:** Submit detailed Root Cause Analysis and CAPA implementation plans within 10 days of memorandum receipt.

• **QA Head (Meera Rao):** Provide overall governance, track open findings, allocate necessary resources, and approve formal closure of audit findings.

4. Procedure

4.1 Audit Execution Timeline: The Quality Assurance internal audit team performed a comprehensive compliance review between 01 Sep 2026 and 08 Sep 2026 across all operational buildings.

4.2 Audit Findings Breakdown: Q3 internal audit found 3 minor and 1 major observation.

4.3 Major Finding Specification: The major observation concerns incomplete calibration records for balance B-204.

4.4 Minor Observations Scope: Minor observations involved dust accumulation on inactive secondary packaging lines and minor documentation lag in training card signoffs.

4.5 Executive Oversight Accountability: Responsible: Meera Rao.

4.6 Target Completion Deadline: Closure target: 30 Nov 2026.

4.7 Urgent Laboratory Remediation Directive: An escalation notification has been transmitted to laboratory operations to initiate immediate calibration rectification on all benchtop metrology.

4.8 Scheduled Re-Inspection Audit: A formal follow-up re-audit will be conducted during early December 2026 to verify sustained compliance across all audited workcenters.

5. Records and Documentation

Internal Audit Report AR-2026-03, Root Cause Analysis forms, Calibration certificates for Balance B-204, and signed remediation closure signoffs.
